

KCentra Opt-Out Bracelet Form

A Traumatic Injury can happen to anyone at any time. If you do not wish to be enrolled into the KCentra study you can wear an **“No Study”** bracelet at all times during the study enrollment period (approximately 3 years beginning June 2020). If you are wearing this bracelet when the medics arrive to treat you they will know not to enroll you in this study. If you would like to wear a bracelet, please contact the study team or complete this form and mail it to the study team. You must provide your name and mailing address.

Name: _____

Mailing address: _____

Reason for opt-out request (optional)
